

## Misty's Toy Aussies Puppy Pricing Guideline:

Female Merle	Male Merle	Female Tri	Male Tri
\$2300 & up	\$2000 & up	\$1800 & up	\$1500 & up

- Pricing is based on estimated adult size, sex, eye color, fur color and markings. We cannot guarantee adult size and eye Color
  - Prices are all estimated and are subject to change.

## What does your pricing include?

**Puppy Culture Raised:** Puppies raised the Puppy Culture way have improved cardiovascular performance (stronger heart rates), stronger heart beats, a stronger adrenal system that works better and faster when they need it, and are more tolerant of stress with a greater resistance to disease. They also have increased learning ability, with better retention, and appear more stable, less fearful, and better able to cope with and recover from frightening or stressful situations/things. Scientific Studies have shown that Enrichment Effects (like Puppy Culture) actually cause animals to grow up to 5% more brain (and within that, are anywhere from 25-200 neuro-connections!). Studies have shown that the area of the brain where these new brain cells form is actually the area related to learning, memory, and emotional response!

**Weekly Photos:** Depending on which day of the week the pups are born every week there after I send photos and updated weights. I periodically post videos to my Facebook, Instagram, Twitter and YouTube Channel so be sure to Stay Tuned!

**ASDR Registerable:** Registration form from the American Stock Dog Registry will be sent with the puppy.

**UTD on Vaccinations and Dewormings:** Puppies are given Parvo and Distemper vaccinations before they leave our home. If a puppy stays longer than the age of sixteen weeks, we will give them a rabies vaccination before leaving also.

**Health Warranty:** We offer a One Year Guarantee. Optional Two-Year Guarantee available. We also offer a health warranty for all of our puppies. Within the Puppy Contract we go into depth about what is and what is not covered. In addition, you'll receive a copy of the contract, pre-signed, for your records. We keep a copy as well, and require that you fill out the contract and sign and send back to us via email or mail.

**Microchip Implantation:** All puppies are microchipped and registered to me before they leave our home. Your puppy will come with its microchip number and instructions as to how to register the pup to you. The pup will forever be registered to me regardless if you register the pup or not. If you do register the pup I would be listed as the alternative contact. We will be an alternative to ensure your puppy is safe and happy until she or he can be returned safely to you.

**Health Tested Parents:** All of our Toy Aussies are full panel genetically tested to ensure the healthiest pups.

**Vet Checked and Approved:** All of our puppies leave here after being seen by our trusted licensed vet who will provide a clear bill of health. They also come with their Health Record that reflects their weekly weights, the dates of their dewormings, and dates of vaccines.

**Pet Insurance:** In our Puppy Package you will received a certificate for 30 days free of Trupanion Pet Insurance.

**Puppy Care Package:** To help you get started with your new puppy, we prepare care packages for you and your new puppy to leave with. This includes a handmade blanket that smells like mom and litter mates, a baggie of current puppy food, toys, leash, collar, samples of Nu-Vet Vitamins, and a clicker to continue training.

**Puppy Blanket:** The blanket will be placed in with mom and siblings (around 9 weeks) until they leave us. The smell of the blanket will be scented with mom and siblings. This helps because your new home is new and different and the smell of the blanket is familiar, making the transition from our home to yours much easier!

**Exercise Appropriate Booklet:** Each owner will receive the Puppy Culture Exercise Booklet which is an important guide to raising a puppy in a safe and healthy way. If every puppy owner would read and follow these guidelines, a huge number of behavioral issues and fractures could be avoided! Indispensable for new puppy owners, great wisdom and guidance for breeders to pass along in their own puppy packages. We love them and know you will to!

**Clean & Fresh:** All of our puppies are given one last bath right before they leave for their forever home.

**Clicker Trained:** Puppies are started on Clicker Training and are usually doing well by the time they leave. We use Clicker training to help teach your puppy and to ensure the quickest results in training. We use positive only training. It is recommended that you continue to use the Clicker and to continue to shape your puppy to learn the behaviors you want him or her to learn.

**100% Support:** You will receive 24/7 support when you purchase a puppy from us. Whether its Email, Text, Phone, Facebook, etc., were here for you! If you are close enough, we also offer support in person. We want everyone to know that the relationship does not end once you take your puppy home. We enjoy updates in any form, but especially photos. Please know we want you to stay in touch when you buy a puppy because our puppies mean so much to us

**Crate Training:** All Puppies have started crate training. Majority will be eager and willing to enter the crate and enjoy the time they have in there. Most will not cry when placed in the crate. We do recommend placing a Raw Meaty Bone (RMB) in with the puppy to keep them busy and ensure they do not dislike their crate.

**House Training:** Your puppy will be well on his/her way to house training. We start young by introducing a bathroom area (puppy litter box) in the puppy pen after 3 weeks of age, to help with the process of house training. Once the puppies are old enough, we take them

outside to go potty and to learn the proper place to go potty. We work hard so that the transition for your puppy is easier and the least stressful for both you and your puppy.

**Obedience Training:** All puppies are started on basic obedience, such as sitting and knowing how to walk on a leash. Puppies will be eager to mand (sit) automatically to ask for things and it is recommended you continue to teach your puppy how to mand. Puppies will also know how to walk on a leash before leaving (or at least be well on their way). They will have been introduced to a leash and collar and should eagerly walk when the leash and collar are put on.

**Friendship:** And of course, you get to have a new friendship for life (and so do we!). We are there for you when you need us and are always here to offer a helping hand. By buying a puppy from us, you get to become a part of our extended family and are able to stay within the Misty's Toy Aussies family forever, hopefully. ;) We look forward to adding you to our "family" and hope you enjoy our puppies as much as we do!

We also have a Facebook page that gives you up to date statuses of what's happening at Misty's Toy Aussies! Take some time to "Like" us on Facebook!

<https://www.facebook.com/MistysToyAussies>

and don't forget to click the "like" button at the top!

*NOTE: Please understand we care deeply about our puppies. If you do not wish to keep in contact with us or to send updated photos and just to keep in touch, please do not purchase one of our puppies. It is our goal to keep in touch with buyers and to provide an amazing friendship. In addition to learning what is going well and not so well in our past and present puppies so that we can improve our future litters and to help improve the breed by breeding better dogs.*

## Deposits:

- ❖ We require a deposit of \$400. This is fully refundable until you pick your puppy. Once you pick your puppy the deposit becomes non-refundable.
- ❖ You must place a deposit to be added to our waiting list. Deposits are executed in order they are received. First deposit gets first pick of the litter, second deposit gets second pick and so on.

- ❖ Payments accepted: My preferred is a Personal Check, Cashier's Check, Money Order, Cash, Wire Transfer, or Chase Quick Pay. However, I do also accept Visa, MasterCard, American Express, and Discover. I do not charge extra for PayPal or Credit Card fees.
- ❖ Puppies must be paid in full by 9 weeks of age. If you are picking up your pup in person only cash will be accepted.

## Shipping:

Options for shipping/delivery are as follows:

- ❖ You're welcome to pick up the puppy in person.
- ❖ I will drive any direction 90 minutes one way to meet you to help lessen your drive.
- ❖ I will meet you at Detroit Metro Airport if you would like to pick up the pup and fly back with him/her.
- ❖ **White Glove Hand Delivery:**
  - \$350-\$450 within the US depending on location. This fee includes airfare. Please inquire directly for my rates to Canada and Internationally.
  - Puppy will be held and loved in the main cabin of the plane and hand delivered to you at your local airport.

We exclusively hand deliver all of our pups. We do not offer shipping via Cargo.
